Gentlemen:

Southern Pacific Transportation Company takes pleasure in donating to the Santa Clarita Historical Society the scrap manual train order signal formerly located at the San Fernando Station and does hereby transfer and set over unto you the right, title and interest of Southern Pacific Transportation Company in said train order signal on the condition that you agree to use the same for an exhibit only by the Santa Clarita Historical Society.

Santa Clarita Historical Society agrees not to permit the said train order signal to be used for any railroad-related purpose.

THIS COMPANY MAKES NO WARRANTY OR GUARANTY, EITHER EXPRESS OR IMPLIED, AS TO THE CONDITION OF SAID TRAIN ORDER SIGNAL OR THE FITNESS THEREOF FOR USE OR OTHERWISE.

Santa Clarita Historical Society agrees to release and indemnify Southern Pacific Transportation Company from and against all liability, cost and expense for injuries to or death of persons and damage to or destruction of property, arising or resulting in any manner whatsoever in connection with said train order signal, whether or not caused or contributed to by any act or omission, negligent or otherwise, of Southern Pacific Transportation Company.

If the above is agreeable to you, please indicate your acceptance on the attached copy of this letter and return to me.

Very truly yours,

SOUTHERN PACIFIC TRANSPORTATION
COMPANY

March 9, 1982

Mr. J.A. Rugg
Regional Engineer
Southern Pacific Transportation Co.
610 So. Main Street
Los Angeles, CA 90014

REFERENCE: Your Letter #602-2, Dated 3-5-1982
addressed to Ms. Neal Harris

SUBJECT: Donation of (270) track feet of rail, ties & trim to
Santa Clarita Valley Historical Society

Dear Mr. Rugg:

In accordance with the referenced letter please find attached the duly executed "Donation Letter of Agreement" covering the very generous and welcome donation of the track, ties and trim by Southern Pacific.

This much appreciated donation by the Southern Pacific Transportation Company will now enable the Santa Clarita Valley Historical Society to move and place on display our Steam Locomotive #1629 and Tender which was operated by Southern Pacific from 1900 to 1955 (it was last serviced in Yuma, 1955).

Engine No. 1629 is a "Mogul" type, class M4, 2-6-0. It was donated to us by Mr. Gene Autry several months ago and in order to place it at our Society Headquarters (the restored Southern Pacific "Saugus" Station which we moved over 3 miles to Newhall) we desperately needed the track, ties and trim. With this much needed donation the Southern Pacific Transportation Co. has solved that problem.

We are most anxious to get on with our project and would again seek your help and assistance in transporting and laying the track at our "Saugus Station". If you would advise me the name or names of the people we should work with in seeing this "track" program to a successful conclusion we would be happy to work with whomever you designate.

letter dated March 9, 1982
page two

Incidentally the "tender" which we will be moving along with the engine is the "Vanderbilt" type with a large white "Southern Pacific" on the side. Both engine and tender will be sandblasted and repainted including the "Southern Pacific" lettering.

Again let me say we are most appreciative and grateful for this splendid and much needed donation and wish to thank you, your staff and the Southern Pacific Transportation Co. for making this project and program possible.

Sincerely,

Thomas E. Mason
Director
Santa Clarita Valley
Historical Society
