The Newhall Signal

VOLUME SIX

NEWHALL, CALIFORNIA, FRIDAY, OCTOBER 31, 1924

NUMBER 44

"For Each Other--Not Against Each Other."

Lee Romero

Accidentally Shoots Self

Lee Romero, son of Albin Romero, was accidentally shot and mortally wounded Sunday morning about 8 o'clock, while engaged in cleaning a rifle, at the home of his father in Hasley Canyon west of Castaic.

After the accident Romero drove his car three miles, to the home of Roy Abbott, who brought him to the emergency hospital, Newhall, for first aid. He was later taken to the general hospital in Los Angeles where he passed Sunday evening at 8 o'clock.

Lee was 24 years of age, a capable young man, highly respected by all who knew him. He was unmarried, and lived with his father on the ranch.

The funeral was held at Santa Paula, Wednesday, where a large concourse of friends gathered to pay their last token of respect to one they had known and respected thru life.

Presbyterian Church Notes

The subject of the sermon on Sunday morning will be, "The New Preacher and His Parish"

"The Prodigal Son" is the Sunday School lesson. The Golden Text is, "I will arise and go to my Father."

The C. E. service will be held at 7:15. Come in time to take part in the song service that prepares the way for the lesson, which is, "In His Steps. What Jesus said about faith."

One of the great events of the season will take place in the Mayhue hall, Nov. 14, when Miss Stalcup will give her entertainment. We will tell you more about this event next week.

Water And Power Act

It is unsafe to give a board of five unnamed members power to spend five hundred million dollars (\$500,000,000) of the people's money without control or vote by the people as to WHERE or HOW it shall be spent. For instance, nearly all undeveloped sites for hydro-electric development in this state are in the northern mountains. All this money might be spent there to serve territory distant from southern and central California, and yet the people of southern and central California would be subject to heavy taxes to meet all operating deficits.

With this great sum of money at its command, and the right to employ as many persons as it might desire, at any salaries it might see fit, the board would become the controlling power of the most gigantic political machine ever created.

"If we could see our own faults as plainly and peck at them as persistently as we do those of the other fellow, what an age of improvement we would have"

Supervisors Endorse Bonds

October 29, 1924

We, the undersigned, do heartily endorse the proposed \$5,000,000 County bond issue for the elimination of railway and highway grade crossings in the County of Los Angeles, to be voted on by the electors at the election on November 4, 1924; and we urgently request your co-operation and assistance in calling this matter to the attention of the public and urging their support thereof.

Very Truly Yours
R. F. McClellan,
Chairman

Prescott F. Cogswell,
J. H. Bean,
F. E. Woodley,
Henry W. Wright.

The credit of the state is needed for schools, roads, institutions, public works and many other things necessary to the upbuilding and progress of the state. The issuance of \$500,000,000 in tax-exempt bonds would increase the interest rate on all other public bonds hereafter issued, thereby directly increasing the taxes of all citizens and making constructive improvements for the public welfare more difficult.

To bond the State of California for \$500,000,000 for an undertaking of this sort means that every taxpayer must assume the risk of a huge political experiment which at best would merely provide service which the people already enjoy without public debt, personal liability or tax burdens.

This act relates to power development and not to the better distribution of the waters of the state to irrigate the great valleys. The state has expended \$225,000, and is now expending an additional \$100,000 to prepare a co-ordinated plan for the better distribution of waters for irrigation. A comprehensive report will be made to the legislature next January. This act provides no co-ordinated plan either for water or power.

Nowhere in the United States is hydro-electric energy being developed on so great a scale, with such high efficiency and splendid results as in the State of California, and nowhere

is electric power so cheap as in this state.

Do not confuse the water and power act (No. 16 on the ballot) with the United States government project to develop the Colorado River and Boulder Canyon Dam. This act provides not one penny to bring water or power from the Colorado River. If carried, the water and power act would indefinitely delay and possibly defeat the Boulder Dam project and the development of the Colorado River.

The same water and power act was overwhelmingly defeated by the voters of California in 1922. It must be defeated again.

Chambers of Commerce and business organizations generally throughout the state have adopted resolutions condemning this act and urging the people, in order to safeguard and continue the prosperity and development of California, to vote against it.

There is not a vacant house in Newhall, and several families who wished to settle here have had to locate elsewhere.

Fine Hallowe'en Dance

The Newhall Woman's Club wish to thank all who helped to make such a success what was said to have been the finest costume party ever held in Newhall.

The hall was prettily decorated with the Hallowe'en colors, the effect being carried out on the stage with corn stalks and jack-o-lanterns.

Judge Miller as Abie, the Jew, acted the part to perfection, even reluctantly parting with his money. He was awarded the gentlemen's first prize, a safety razor.

Mrs. Pearle Russell as a colored lady—well you should have seen her walk! She took the ladies' first prize, a box of handkerchiefs.

Then came the prize fighter who was some boxer, and proved to be Mrs. Reidel. She took third prize.

Mr. Kingsbury with his misfit clothes and shoes that two could walk in, came as a tramp, and took fourth prize.

Two little cats helped to make the place lively and kept everyone busy watching them. They proved to be Mrs. Miller and Mrs. Ball.

I wish to thank Mrs Kingsbury, Mrs Dawson and Mrs Stickle who helped to decorate the hall, and Mrs Harker and Mr Lane who took care of the door, and also Mr Kingsbury, who helped us in many ways.

Newhall Woman's Club
EDITH LANE,
Social Chairman.

Entered as second-class matter, February 21, 1919, at the postoffice at Newhall, California, under act of Congress of March 3, 1879.

Tuesday,

November 4,

VOTE!

And you know, if you don't vote, you really have no right to kick, if the result doesn't suit you.

If Davis really has as little chance of election as the political guessers say, he might as well fix up his "congratulations" for the winner, right now, and call it a day.

Newhall has one candidate for office, who, tho he may not have votes enough to win, will have the satisfaction of knowing that he stands for what he believes to be right, whatever the result. H. Clay Needham is a candidate for presidential elector on the prohibition ticket.

Uncle Joe Cannon is credited as author of a saying which, if supplemented by the Golden Rule, would make this a very decent country to live in. The saying is this: "Lead a simple life, vote

right, pay your honest debts, collect all that is coming to you, but no more, and treat your family right."

Will it ever get into the heads of auto drivers that fast driving in heavy traffic and on dangerous roads and curves **MUST** be eliminated, if we are to avoid regulations that would be troublesome to all, and make it unlawful for many to drive. It is only a few, probably one in a hundred, that cause the traffic hazard to be so serious. It would be very desirable if these could be eliminated, without trouble to the careful drivers. But if it is not done, another session of the legislature will see regulations burdensome to every driver.

The rain of Tuesday ended the greatest drouth this section has experienced in this section for several years. The continuance of showers will bring about a far different condition, as far as the farmers are concerned.

THE ANTI-VENOM OUTFIT

SENSIBLE precaution is protection, especially in the wilderness.

Any person who goes into the mountains on a camping trip should equip himself with an

"ANTI-VENOM" OUTFIT to be used in case of RATTLESNAKE or poisonous insect bite. It is a very effective antidote and will not fail, if used according to directions. For sale at Newhall Pharmacy \$2.50 each.

NEWHALL PHARMACY
Mrs. JULIA RIEDEL, Prop.

Saugus Sayings

Auto keys are evidently wanted for souvenirs (several cars are without keys).

Saugus was well represented Saturday night at Newhall. Everyone reports a wonderful time.

Mrs. Jim Wilson, Mrs. Estes and theadorable Ester twins, Betty and Bernice, ontored to the city Saturday.

Mr. and Mrs. Walter Neal entertained relatives Saturday evening and later in the evening all attended the mask ball given by the Newhall Woman's Club at Newhall.

Johnnie Seltzer is riding about in a new Dodge.

Mr. O. W. Bereaw is putting on the finishing touches to the cosy bungalow he is building.

The stage and floor is all in readiness for the Community Club's prize mask dance at Harnby Friday night, October 31st. Ernie Ostrey's five-piece orchestra, and with our old-time friend Billy Wachtel of Whittier featuring the violin, the syncopation will be entrancing. Everyone welcome.

Radios are quite the fad in Saugus. Mr. and Mrs. Don Barnett have just had installed in their home one of the best sets on the amrket.

The next meeting of the Saugus Community Club will be held at the school house Saturday, November 8th, at 2:00 p. m. It will be a "Fairy Program." Norma Kunkle and "Erkie" of the Mother's Bureau, and Miss Day, one of the Los Angeles city nurses, will be the speakers. Norma Kunkle is Prudence Penny's assistant. All the ladies of the community are invited to atend.

There will be evangelistic services held at the Red Church in Saugus, Calif., commencing November 2d, at 7:00 p. m.—Full-gospel salvation for the soul and healing for the body. Everybody welcome.

Evangelist A. M. Webb.

Summit and Thereabouts.

Last Wednesday A E Matthew came up Mint Canyon on behalf of the Standard Oil Co. Just now he thinks, drinks and sleeps Zero-lone, for there is a sales contest on.

Tuesday, October 28th, Mr. C. W. Thompson went to Los Angeles to take his son to an otmotrist.

Caesar Holmquist reports that he is rebuilding his radio.

A rare happening at Summit: Monday we saw a team of horses go along the highway and not riding in a truck either.

Mr. A. S. Hubbard is working his team on the Agua Dulce road.

Mr. Henry Kreig of Sterling has been working on the new mine near Ravenna.

The outfit getting out green rock near Acton is negotiating with the S. P. Co. for a spur to their property. Mr. C. A. Walden visited Sterling last week.

Excavation has begun for an addition to Summit Service.

"Well, Mr. Letterbee," said the county agent, "I see you've moved the hogs away from the house. I'm glad to see you taking up sanitation." "Sanitation nothing. You know some hogs snores same as folks does, and I aint slept a wink since that red shoot begun it so I up and moved the bunch."

SEEN ON A FLIVVER

"An accident going some place to happen."

Maybe you laugh at postage stamp collectors, but how many non-collectors can tell where the following countries are, to say nothing of knowing anything about their government or people? Aguera, Aitutaki, Allenstein, Anjouan, Azerbaijan, Baranya, Batum, Calimno, Dahomey, Eritrea, Fauna Is., Griqualand, Horta, Iraq, Kenya, Lagos, or the Maldive Islands?

Mr. and Mrs. Geo. Buck of Agun, Dulce valley, entertained members of the Acton Farm Bureau Friday evening. The occasion being the discussion of a play to be staged at Acton. Among those present were: Mr. and Mrs. O'Brien, Mr. and Mrs. Roth, Mr. and Mrs. Anson and daughter, Mr. and Mrs. Carter, Mr. and Mrs. Mathies of New York and Mat Martin of Los Angeles.

Little Jack had just seen and heard a goat for the first time. The next day he wrote a composition about it in school. Here it is: "The Goat is an animal about the same size as a dog if the dog is a big one. It has a hat rack on its head and a Klaxon somewhere inside him. He has whiskers like Uncle Bill and his ears wiggle when he chews like the Minister's."

Pat: "Just think how good looking I might have been if I had been born a girl!"

Helen: "I shudder to think of it."

WHAT IS THE WATER AND POWER ACT?

An initiative measure (No. 16) on the November ballot, which, if carried, will enable a board of five persons to issue five hundred million dollars (\$500,000,000) worth of tax-exempt bonds, backed by the credit of the State of California. If this tremendous sum is not sufficient, the board may issue more bonds practically without limit.

This immense sum of money is to be spent ostensibly for the development of hydro-electric power, BUT the measure is so broadly drawn that the board may engage in any form of business it finds "CONVENIENT," or confiscate any property it may deem "NECESSARY" for its purpose.

The act provides that if the earnings on the money invested are not sufficient to provide for principal and interest payments, then the board, without consulting the legislature or the governor, may take out of the state treasury sufficient funds to make up the losses and the people must be TAXED to replace the money so taken.

The board will NOT be elected by the people, but will be appointed by the governor, and it will take two-thirds vote of all the members of the state legislature, (which meets only once in two years), to remove any of the board members from office. The governor can not remove them.

Under the act, the board may charge any rates for electric energy that it desires, without control or regulation by the people or the State

Railroad Commission. It may take away from any city, farming community or water district its undeveloped water and power resources if they are not developed within two years after notice of the board's intention so to do.

The board is all powerful, and may engage in any line of business, employ as many people as it desires, at

whatever salary it sees fit, and to quote the exact language of the act, it is authorized "To exercise ALL POWERS needful for the accomplishment of the purposes of this article, and such ADDITIONAL POWERS as may be granted by the legislature."

Vote No on No. 16 at the November Election.

"NEEDLES"
from a Whispering Pine
Edited by THORNTON DOELLE
All poetry and articles appearing in the "Needles" column are written by the editor, unless otherwise noted.

SOMEWHERE IN THE HILLS
By THORNTON DOELLE.

I know a spot in the sun-swept hills
Where virgin pine trees kiss the sky;
Where the air is perfumed by fragrant firs
And a babbling brook goes racing by.
I know a spot where flowers bloom
Untrampled by the foot of man;
A spot where peace and rest abound—
And always have since the West began.
I know a spot where rock wrens sing,
Each morn to the rising sun;
And a lone coyote bays to the moon,
At night, when the day is done.
I know a spot where God is near,
Where skies are blue and the air is free;
And I long to go back, if just for today,
To those sun-swept hills—they're calling to me!

When it comes to "painting" women, we'll have to admit that Coles Phillips is the artist par excellence. We'll even go so far as to say that Mr. Phillips can paint women much better than many of them "paint" themselves.

FAMOUS LAST WORDS

"Yes, I know dear; every year for the past five years I've bought you a new Cadillac. But this year you'll have to be satisfied with a Ford coupe."

And so, today, we'll donate the platinum inlaid necktie holder to the poor sap who thinks the Panhandle is some kind of a kitchen utensil.

An Overland touring car smashed into the trailer of a ten-ton truck about five miles north of the National Forest Inn, Sunday evening, and was completely wrecked. All occupants of the Overland, with the exception of the driver, escaped injury.

FAMOUS ADVERTISING PHRASES

"A Skin You Love to Touch"—(with a rolling pin).

Heavy truck trailers are a menace to the public highways and cause many serious accidents, especially on the Ridge Route. They should be eliminated and trucks put into use to replace them. Trailers have a tendency to swing at curves, no matter how careful the truck driver may be to keep to the right. It is almost impossible to pass a truck and trailer on curves, even open curves, with a passenger carrier.

SIGN ON BACK OF A FORD

Our Lizzie! Just Married—to one of the Dodge brothers. Another good man gone wrong.

Remember that the campfire law is a year 'round law. It is necessary to obtain a campfire permit to build a fire anywhere in a National Forest, at any time of the year.

Some people in this world seem to get a great kick out of slandering others. Slander is a contemptible form of idle backyard and curbstone gossip, with dirt in it. It is always unjust and uncalled for, is rarely based on facts, and is above all things, extremely un-American. It is quite frequently prompted by jealousy or repeated from hearsay by a vivid and degraded imagination. Slander always enlarges and stretches the truth. Slandering is a disease, common to filthy minds. A mentality which is in itself unclean, usually bears and brings forth the dirties; slander against others. Slandera especially men who slander the character of women—are the lowest order of leech in existence. They should be exterminated like rattlesnakes, or any other form of poisonous reptile that sneaks and crawls thru life.

People living along the Ridge Route between Martin's Place and Lebec, are anxious to have resident police protection, especially during the winter months when forest officers and motorcycle officers are off duty. The idea is to have a Deputy, appointed by the township constable, and acting under his instructions, who will receive pay only for actual services rendered. When police protection is needed it is needed at once. Emergencies arise quite often on the Ridge, where immediate action is necessary. To be obliged to send to Newhall or Saugus in case of an emergency, is extremely impractical. Telephone

communication is not always possible and it's a long trip to central points on the Ridge from Newhall. We don't see any reason why people on the Ridge shouldn't have resident police protection and have it soon.

FAITH

Dots and Dashes

The Coolidge and Dawes boosters came up from Los Angeles on Tuesday evening and held a meeting, but must have been running on the daylight saving plan, for the meeting was advertised at 7 o'clock, the meeting was over before that time. A band rendered several selections.

T M Frew Jr. returned from his vacation trip north, on Sunday, and on Monday went to Indio for a short visit with his brother George, and family.

The forest guards were laid off last week. The usual date is November 1, but the appropriation for payment was a little too small to reach. Fortunately the rain eliminated the danger of forest fire.

Newhall people had the opportunity to see the World Flyer airplanes three times; when the four started in March, when the three went to Seattle for the official end of the trip and when the two, Smith and Nelson took their planes back to San Diego. The Shenandoah went too far to the west to be seen here.

A delightful rain fell Tuesday night, continuing most of the night. We optimists hope the rain will continue until the country is thoroughly dampened.

A. Lane is erecting two kitchenette apartments in his bungalow court. These have already been rented.

FOR SALE—Oliver typewriter, almost brand new. A. Lane, Newhall, California.

Mint Canyon Juleps

The Hallowe'en masquerade dance held at Mint Canyon school house last Saturday night was largely attended. Keen interest was plainly shown when the masqueraders entered the room for even the small children donned a makeup and marched along with their elders.

Expressions were almost inaudible, lest an outspoken word be recognized. The costumes were original and unique, and the three judges found it difficult to decide, so the guests were consulted. Lady's first prize was awarded to the colored bride, Mrs. Clarence Tregler of San Pedro, while Gail Brown of Mint impersonated a Turkish woman. Miss Florence Resley of Huntington Park costumed as a Gypsy girl, Miss Lucile Brown of Mint as a yellow butterfly, Harry Newman of Gypsum mine as a Turk; and the triplets, dressed as the "Pumpkin Sisters" by Mrs. W. B. Baugher; Mrs. G. A. Wright and Miss Lucy Meissner were among the favorites.

The Buzzard Gulch boys of Mint supplied the music for the evening's enjoyment. The party was given to help raise funds to pay for the new piano that was installed in the school last Thursday. We honor special contributions from Mrs. W. H. Belestier of Glendale.

The three judges were: Mrs. Aldrich, Pasadena; Mr. Scott J. Resley, Huntington Park, and Mr. J. G. Crist of Los Angeles. Refreshments of hot frankfurters and rolls were served with hot coffee, in appreciation of the splendid spirit manifested by the community.

The school board extends to the orchestra its sincere thanks for the music donated; also to those who in any way helped to make the night a success.

A mine has been opened up recently, and is operating about a mile south of Ravens on the S. P. R. R. The company is composed of Los Angeles people and is known as the California Products Co. A mill comprising four floors is rapidly nearing completion, where about fifteen men are employed. The ore mined, when in a refined state will be put to several uses, one being that of granite enameling.

The Rev. A. M. Webb of Los Angeles will hold evangelistic services at the Mint Canyon school house on Sunday night, November 2d, at 7:30. He brings his own singers. Everybody invited.

Miss Holbrook of Los Angeles was a house guest at the Wm. Heim home the past week, before leaving for her home in San Francisco.

Miss Cane, formerly a nurse in the General Hospital, Los Angeles, is erecting a home on her homestead located in Shepherd's Canyon.

A water well is being drilled on the Dunning home near Dodrill's garage.

A most enjoyable luncheon was given at the home of Mrs. Wm. Williams, in Los Angeles last Tuesday where members of the Mint Canyon Kensington Klub were invited in honor of Mrs. Laura Brown of Los Angeles, who leaves in a few days for an extended trip to her old home in Missouri. Covers were laid for the following: Mesdames Carl Lindstrom, Devery Hills; Louie Mannaugh, Graham; Walter Hilton, Glendale; Scott Resley, and Leland Skelton, Huntington Park; Laura Brown, Cozy Betz, Wm. Williams Los Angeles; and Walter Baugher, Frank Wright and Wm. Dodrill of Mint Canyon.

Perry Allison, who purchased the old school house, had it razed and moved to his home at Oak Cliff, where it is being reconstructed.

Mrs. Phillip Quinn was a week end guest at the home of Mrs. Arthur Brown, and attended the Hallowe'en dance at Mint Canyon school house. Miss Fanny Barrington accompanied by Mr. Coley of Pasadena were visiting old friends in Mint last Sunday.

A standard oil rig is replacing the old one used on the Hilton lease, Mr. Gormley being in charge.

Next Tuesday, November 4th, is Presidential election. Every man and woman should vote and VOTE for the man who is in favor of the Soldiers' and Sailors' Bonus Bill—LaPollette. The man who has in his heart the conviction of true patriotism, and who has not forgotten his country's obligation to the men who unselfishly gave their life, as they were called one by one to help honor and save our nation. At the polls next Tuesday is your opportunity to assist the BOYS in securing just a part of the compensation due them. Consult your sample ballot, place a cross in the square on the Socialist ticket, meaning electoral votes for LA POLLETTE.

On November 15th, the Agua Dulce school house will open its doors for the first time to the public, in extending an invitation to everyone to be present at their house warming.

The new building is constructed of concrete blocks, and presents a fine appearance.

Dancing will be the chief attraction, to the music of the Buzzard Gulch orchestra. No admission will be charged at the door, but voluntary contributions will be accepted. The ladies will serve cake and coffee free. Don't forget the date, Saturday night, November 15th.

When in Los Angeles stop at the Hotel Lee. Comfortable and quiet. Take ears going west on Fifth and Sixth streets. Hotel at 822 West Sixth.

A Desirable Government

WHAT HOPE is there for disabled soldiers, cripples, infirm in body and mind when the new order is established on earth?
 WHAT PROPHET says that all the people will have good health?
 WHAT does the Bible say will be the lot of those who now live in tenements in poverty?
 These and many other questions that trouble us are answered in a book called "A Desirable Government" which can be had for 10c. Call or write to International Bible Students Association, Room 200, Trinity Bldg., Los Angeles, Calif.

NOTICE OF TRUSTEE'S SALE

WHEREAS, John A. Barrington, and Loretta Barrington, his wife, by a deed of trust dated November 9th, 1922, recorded November 10th, 1922, in Book 1595, page 141, of official records, Los Angeles County, California, did grant and convey the premises therein and hereinafter described to C. F. Seccombe, as trustee, to secure, among other things, the payment of a certain promissory note made to the order of A. H. Seccombe; and

Whereas, default has been made in the payment of said promissory note, and the said A. H. Seccombe has demanded that said trustee sell the premises granted by said deed of trust.

Now, therefore, notice is hereby given that the undersigned, by virtue of the authority vested in him as trustee, and in accordance with the terms and under the authority of said deed of trust, will sell at public auction, to the highest bidder for cash in lawful money, on Friday the 7th day of November, 1924, at the hour of 11 o'clock A. M., of the said date, at the Broadway entrance of the County Court House, located on North Broadway in the City of Los Angeles, State of California, the interest conveyed to him by the

aforesaid deed of trust in and to the real property therein described, situated in the county of Los Angeles, State of California, described as follows:

The North half of the Northwest quarter; the North half of the South half of the Northwest quarter; the North half of the South half of the Northwest quarter of the Southwest quarter of the Northwest quarter; the West half of the West half of the Northwest quarter of the Northeast quarter; and the West half of the Northwest quarter of the Southwest quarter of the Northeast quarter; all in Section eighteen (18) Township Five (5) North, Range Thirteen (13) West, S. B. M. Excepting therefrom any part included in public roads or highways.

C. F. SECCOMBE,
 Trustee.

Pub Oct. 17-24-31, 1924.

NOTICE OF SALE OF AUTOMOBILES BY LIEN HOLDER

Notice is hereby given that pursuant to Section 3051 and 3052 of the Civil Code of the State of California, the undersigned, A. C. McIntyre, will sell at public auction for cash, at his Garage, Castaic Junction, Calif., on Saturday, November 1, 1924, at the hour of 9 o'clock A. M., the automobiles herein-after particularly described.

Said sale will be held to enforce a lien upon said automobiles for towing and storage charges, in the amounts hereinafter set forth, each of which said sums have been due and payable for more than twenty days last past, and are still unpaid.

Said automobiles are particularly described as follows:

Ford touring car, motor No. 8,691; California 1924 license 366-295. Amount due for towing and storage \$45.45.

Studebaker Six; California State 1924 license No. 1-093-170; motor No. 32,771. Amount due for towing and storage, \$49.50.

The cost of this advertisement and expenses of said sale will be added to the above named amounts in fixing the amounts due the undersigned upon said lien.

Dated at Newhall, California, this 15th day of October, 1924.

A. C. McINTYRE,
 Lien Holder

The Jin-Jer Jar

A bobbed-haired young miss from Newhall
 Said to her young man, "If you do call,
 Watch what you're about,
 Or dad'll throw you out,
 And he don't care how hard you do fall."

Cars are so thick in Los Angeles that they have to push the old ones over a cliff to make room for new ones.

"If (put name here) is elected it will be peace and prosperity, but if (put name here) is elected, we're ruined."—Quotation from any political speech of any party.

I have about concluded that nobody but rascals are running for office this year. I can prove it by the papers.

British campaigns for office last only twenty days, but if they lasted any longer the politicians

would all be crazy. Many of them get into the hospital, as it is. Political meetings are generally a cross between a riot and a college class fight.

NOTICE OF DISTRICT SCHOOL MEETING

(See Sec. 1611, P. C., Pages 91 and 92, School Law)

In accordance with the provisions of Section 1611 of the Political Code, notice is hereby given that a meeting of the qualified electors of Newhall School District, County of Los Angeles, State of California, will be held on the 12th day of November, 1924, between the hours of 8 P. M. and 9 P. M., at the Public School House, in said School District, for the purpose of consultation on the following: School Plans.

RALPH R. CARR,
 FRED R. LAMKIN
 A. B. WERTZ,
 Board of School Trustees.

Safeguard California's Prosperity

VOTE "NO" on \$500,000,000 Water and Power Act

We urge you to vote "No" on the \$500,000,000 Water and Power Act [No. 16 on the ballot]. This same measure was overwhelmingly defeated in 1922, and should be still more decisively defeated this year---

BECAUSE --- It will increase taxes through the issuance of half a billion dollars of tax exempt securities.

BECAUSE --- It is unsafe to give a board of five political employes power to spend Five Hundred Million Dollars of your money.

BECAUSE --- With \$500,000,000 at its command the Board would become the controlling power of the most gigantic political machine ever created.

BECAUSE --- The bonding credit of California is needed for schools, highways, institutions and other necessary public works.

BECAUSE --- The taxpayers would assume the risk of a huge political experiment merely to provide service which the people already enjoy without political debt, personal liability or tax burdens.

BECAUSE --- Over 175 Chambers of Commerce and similar organizations in Southern and Central California, including those listed below have passed strong resolutions condemning the act and urging the people to vote against it.

Colorado River Water and Boulder Dam Power cannot be developed under the act. It provides no co-ordinated plan for EITHER WATER OR POWER.

VOTE "NO" ON NUMBER 16 (The \$500,000,000 Water and Power Act.)
